Welcome Message

Dear Colleagues,

We have the great pleasure to invite you to join us for the 22nd EADO Congress taking place as an on-site meeting with additional virtual access from April 23–25, 2026 in the amazing city of Prague, Czech Republic.

The European Association of Dermato-Oncology (EADO) Congress is the largest conference in dermatooncology, with no competing meetings in this field.

The conference provides updated scientific and clinical achievements in a wide spectrum of skin tumors including melanoma, keratinocyte carcinomas, and rare malignant neoplasms. This year, we will also be focusing more on the influence of AI in dermato-oncology.

Over 1,000 participants from Europe and around the world are expected to attend. The world's leading experts have been invited as speakers and will offer you the opportunity to gain a comprehensive insight into all areas of dermato-oncology.

Prague, the host city, is one of the most attractive cities in the world and a hotspot for visitors from everywhere.

We look forward to welcoming you in Prague in April 2026!
